

OIL COMPANIES ON TRIAL FOR FRAUD

Federal Jury Will Hear Case Brought by the Government.

VIOLATED OIL TARIFF

Shipped Casinghead Gasoline as Naphtha at Lower Rate Than Law Allowed.

Trial of the government suit against the Gulf Refining company, the Gypsy oil company, and Charles H. Jones, charged with violation of the act to regulate commerce, in that they shipped casinghead gasoline labeled naphtha and thereby secured a lower rate of transportation, comes up for hearing in federal court before Judge R. L. Williams Monday.

The government seeks to show that the oil companies shipped casinghead gasoline, highly explosive, as naphtha, and since they paid a much lower rate on the shipments than shown by the government tariffs on the former, defrauded the government. Contained in several hundred counts, the government alleges the violations were practiced over a period extending from December of 1916 to March 21, 1919.

"NEVER SAW SUCH A CHANGE IN MY LIFE," SHE STATES

Grateful Tulsa Woman Praises Orgatone for Restoring Mother's Health.

"I just never heard of a medicine doing anybody so much good as Orgatone. Treatment has done my mother," said Miss Mildred Wetzel of 216 South Trenton St., Tulsa, Okla., while in Roy R. Getman's drug store the other day. "My mother had suffered for over a year with liver and kidney trouble and gallstones," continued Miss Wetzel. "After every meal she would have indigestion and gas would form and cause her awful pains in her stomach. She had no appetite to speak of, and what she did eat didn't nourish her for she kept losing strength every day. Her food just seemed to lie in a fermented condition and bloated her up until she was miserable for hours after eating, and in addition to the terrible condition of her stomach, at times she suffered awfully with other troubles. She kept on getting worse and was told that a surgical operation was her only chance of any relief. She had headaches and dizzy spells, and was so nervous most of the time, the least little excitement would upset her. She had spent lots of money for treatment and medicines, still she suffered just the same, and it looked like she would never see another well day.

"So many people had been benefited by the use of Orgatone, that she decided to try it herself. By the time she had finished her first bottle, I can truthfully say, that I never saw such a change in anyone. In so short a time, she continued to take the Treatment and has just finished her sixth bottle, and the results are almost unbelievable. Her appetite has come back and she can eat anything she wants, without suffering from indigestion or sour gas. What she eats seems to nourish her, as the way she has picked up shows and she doesn't have dizzy spells or headaches any more. It begins to look like Orgatone Treatment has saved her from a surgical operation, which might have been necessary."

Orgatone is not a so-called patent or secret remedy, but a new scientific treatment absolutely free from alcohol in any form and is sold in Tulsa by the Roy R. Getman's Rexall Store exclusively, under the personal direction of a special Orgatone representative. Other agents are the Rexall store, West Tulsa, the Wood-Gowens Drug Store, Sapulpa and the Central Drug Store, Okmulgee, Okla.—AGY

COLD WAVE KILLS 1290 PEACH CROP

All Other Fruit Will Be Equally Scarce Grower Thinks.

Practically every peach in the state of Oklahoma was killed in the freeze last Monday night, according to Elva C. Barrows, local fruit grower.

Mr. Barrows stated that in his orchard and in other orchards around Tulsa there will be very few peaches, if any, and that about two-thirds of the plums, one-third of the cherries and fully half of the apples and crabapples were frozen.

There will be a full crop of grapes, blackberries and dew berries," Mr. Barrows predicted for the future.

Missouri the loss in that state is estimated at \$18,000,000. In view of the fruit shortage, high labor and high freight rates, fruit will be high as a "cat's back" next winter.

"Boxes for shipping have advanced over 200 per cent, and all the fruit that Oklahoma gets will be shipped in from further south. As I see it, there is no outlook for cheaper fruit for at least five years, and more than likely it will be 10 years before fruit will again be

reasonable in price." Such was Mr. Barrows' prediction for the future.

Attendance Estimating Reflected Says W. F. Stone, But May Win Yet.

Special mention will be rendered by the Kiwanis club, at its regular weekly luncheon at Hotel Tulsa, Monday, according to W. F. Stone, secretary of the club.

The local club will not get the daily cup for March attendance. Mr. Stone said, "No official announcement has been made, but it is known that we are about 5 per cent below both Muskogee and Okmulgee, and the way those clubs are whipping it up the Tulsa club will have to get a move on if it expects to keep in the running," Mr. Stone said.

TO PRESENT CHINESE PLAY

"Broken China" Will Be Given by Y. W. Girls.

"Broken China," a play dealing with the condition of women in China, will be presented by the Y. W. C. A. girls in the Y gymnasium at 4 o'clock this afternoon. The girls will wear real eastern costumes and a number of the stage properties and settings will also be from far away China, being part of the exhibit contained in a foreign trunk received at the Y. W. C. A. last week. Other articles from the trunk will also be on display in the lobby.

Workers in Jewish Relief Campaign Disappointed in Quota but Optimistic for Monday.

Being successful last night were disappointing to the executive committee in charge of the Jewish Relief campaign. Not as much had been contributed during last week as had been expected.

However, those in charge of the drive are optimistic for the campaign, and Monday is expected to be a red letter day. The drive so far as present plans have outlined, is to close Monday night.
